

DIPLOMA IN DISASTER, FIRE & INDUSTRIAL SAFETY MANAGEMENT

DURATION: ONE YEAR PART TIME (2 SEMESTERS)

ELIGIBILITY: ANY GRADUATE

ADMISSION PROCEDURE: WRITTEN EXAM FOLLOWED BY AN PERSONAL INTERVIEW

OBJECTIVE:

- To address the dearth of effective disaster management systems and professionals in the country that MCGM proposes to establish the City Institute of Disaster Management (CIDM).
- CIDM's core agenda would be the reinvention of disaster management in the country, by bringing to the fore disaster prevention and preparedness, and facilitating the setting up of holistic, accountable and participatory systems for disaster response and mitigation.

JOB OPPORTUNITIES:

The objective of the course is to improve the awareness of business ethics. It provides better understanding of business processes for working candidates and advance their careers into it or to enter in a new position or another field.
